Charles Graham Esq^r

Sir

I beg to acknowledge
the rec^t of your letter dated 19 Inst^o
In reference to the ship *Rajah* of Sarawak
the N^o of Staple Iron Standards to the upper deck
beams is thirteen on each side

& To Hold Beams Eight Iron Hanging knees on
each side

respecting the heavier anchors the ship is
only 1458 Tons by the old

should the committee still consider it necessary
that the ship should have heavier anchors
have the goodness to say what weight
each anchor should be

I am

Sirs

Your obedient servant
