

Lloyds Register of British and Foreign Shipping.

Appldore Devon

December 16th 1897

For letter to hand this morn.
which note the Com. Sub.
the reason I recommend the William.
for 6 years is her materials
of steel grade, and in some cases 9 years
and in consideration of her being metal
strengthened in the load line I thought
should be quite justified in recommending
to ship for 6 years. And especially
the Genl B. G. had five and ten
strengthened
thought I had made it plain in the upon
listing are cut for one fifth the ^{entire} length
the ship at each end in accordance
with the Rules for 38.
