

Submitted that in the circumstances, and as
~~an~~ account for the fees appears to have been rendered
to the builders, the amount charged in this instance
may be approved.

The appledore surveyor should however be
informed that in future an entry fee of £1 is to
be charged in such a case in addition to the
minimum special survey fee of £7 and that this
latter amount is to be in one sum and not made
up of two items as in the case of the "Providor".

His proposal to make a ^{small} charge on account
of late attendance is approved in this instance,
and in that of S.S. New Zealand.
But in any future case he is to obtain the
Committee's approval before making such a charge

Appledore 19/11/07.
