

COPY.

28th September, 1907.

Dear Sir,

With reference to the Steam Drifter building for you by Messrs. R. Cock & Sons of Appledore I beg to acquaint you that the machinery for the vessel does not appear to have yet been seen by the Society's Surveyors, and I shall be glad if you will let me know what progress has been made in the matter as I may remind you that the Society's Rules require that the engines and boilers of steam vessels intended for classification in the Register Book must be constructed under the Society's Special Survey.

I am, Dear Sir,

Yours faithfully,

pro Secretary.

Murrell Esq.,

Victoria Works,

Southtown, GREAT YARMOUTH.
