Sir

London.

In reply to your letter of 4. days date
leaving reference to Barrow Report No 310 as
the "Daylight" I would refer you to our Report
No 308 (noted in 310 Report) from which it
will be seen that this vessel was examined
on account of Damage.

With reference to my statement - that the
parts in question were found to be in good &
efficient condition in every respect this of
course applies to the Fore part of vessel and
at head of bridge at time of my examination
and not before repairs were done in Port Said
and London.

I am.

Sir

Yours obedient servant

P. R. Mott
