Sent to Chief Surveyor 17/12/95

Received from Chief Surveyor

VESSEL'S NAME

Sm. S.S. Torbay

Report

Brw No. 680

The remarks of the Chief Surveyor are desired on this Case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement." - Extract from Sub-Committee's Report 24/5/92)

Nature of Survey

S.S. No 3.

The S.S. No 3 became due 2.95 and the Owners proposal to have it held at Ardrossan during the present month was approved 13/11/95.

They now state by telegram that the vessel is preparing for the survey at Ardrossan, but as one of their steamers has broken down they would esteem it a favour if the ^{on this vessel} S.S. No 3 might be deferred until the middle of January next.

The year of grace will expire at the end of February next.

A reply by wire is requested.

It is submitted the Owners proposal merits approval provided the survey be completed before the end of February next, and they should be informed by wire accordingly.

The boiler survey was held

4.95 & to complete the survey

on the machinery the collars of thrust block require to be relined

& the propeller, screw shaft, stern bush

& sea-connections examined. It is submitted

that the Owners proposal be acceded to.
