

Received by Chief Surveyor 19. 5. 98

Received from Chief Surveyor

VESSEL'S NAME *St. Steam Trawler "Jabos"* Report *Brw* No. *823*

The remarks of the Chief Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

ture of Survey

First entry

It is submitted that before this case receives the consideration of the Committee the Glasgow Surveyors should be informed that this vessel is to receive her machinery at their port, and that to complete the survey for classification the following remains to be done:—

The E. & B. casings to be riveted up, decks, guttersways and pumps to be tested, and the anchors, chains and equipment to be examined and compared with the Certificates.

They should be requested to give the case the necessary attention and on completion of the survey to report the same in the usual way for the information of the Committee.
