

COPY.

S.

1st February, 1893.

Sir,

With reference to your letter of the 23rd instant, respecting the case of the steamer "CLIVE", (your report No.209), I am directed to acquaint you that the correct date of build according to the Rules in this case, is six months after the date of launching, namely May 1892, and that has been recorded in the Book.

As regards the Port of Registry, I find upon enquiry of the Registrar General of Shipping, that the vessel is registered at Cardiff, Barry, he states, not being a port at all.

The present record in the Register Book therefore appears to be correct.

I am, Sir,

Your obedient Servant,

Secretary.

Mr. J. E. Taylor,
Barry.
