

COPY.

1st June, 1908.

Gentlemen,

I am in receipt of your letter of the 29th ultimo respecting the Steamer "DUNMAIL" and with regard thereto, I have to request that you will state whether there were at the time of your survey any other holes in the tunnel plating of this vessel in addition to those included in the damage and reported by you as such, also whether the deck plates renewed on account of damage were sufficiently wasted to render renewal necessary on that account if they had not been damaged.

I am, Gentlemen,

Your obedient Servant,

Secretary to the
Classification Committee.

The Surveyors,

BARRY
