*Sir*

*Thank*

20<sup>th</sup> Dec 1887.

Your note to hand in  
~~reference~~ to mine of ~~your~~ date  
: You ~~wisely~~ are in error in  
stating that you hold the Society's  
certificate, that the work on board is  
complete and the vessel recommended  
for her class. I suppose you have in  
your possession a letter from the Insurance  
Surveyor of this Society that, the work  
so far is complete. Certificates are only  
issued when the vessel is entirely completed.  
When work is in progress on the vessel  
again I shall be glad if you will kindly  
let me know in order that I may complete  
the survey.

Your obedient Servant
