E.C.
London 30 Jan'y 1888

Dear Sir

Enclosed please find classification

certificate of Hawk received this morning

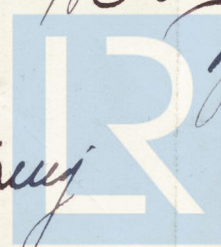

The note wherein Hull and Engines are described
as built 1887. The Hull was built at Penarth
in 1887 and completed as far as it could be there
in 1887 but finally completed here in 1888.

The Machinery & Boiler were not commenced in Sept
'87 date of certificate - and were not completed until
middle of Jan'y 1888 (17th I think) we ask you therefore
to correct certificate and your Books otherwise
boat complete will appear a year older than
she actually is
