ANSP.

Sir!

I duly received your letter of June 16<sup>th</sup> regarding Completion of the Special Survey of 3 on the bark, John O'Gaunt; and, on arrival of this Vessel, communicated with the Agents and Master in regard to the Matter.

I am now informed by them, that, as the Vessel is loading for Sharpness, the Master has been instructed by his Owners, to postpone the completion of the Survey until the Vessel's arrival at that port.

Very respectfully Yours  
John Haug  
Surveyor.
