Dear Sir "John O'Garra"

We confirm wire  
sent you today; we had  
intended completing survey  
at Philadelphia but not  
being able to arrange for  
any suitable outward business  
and finding it difficult to  
get survey done there, we  
propose bringing ship home  
to complete survey and shall

be glad to have your consent.  
We are in receipt of your  
wire and note you will  
give decision tomorrow.  
We are arranging for ship  
to come to Bristol Channel  
and she is now about ready  
to load and should arrive  
here next month or early  
October.

Yours truly  
John Edgar
