

to Chief Surveyor 24. 1. 99

Received from Chief Surveyor

VESSEL'S NAME *Ed. S. S. "Herakles"*

Report *Cpu* No. 1062

For the CHIEF SURVEYOR ~~and CHIEF ENGINEER SURVEYOR~~

(In cases which have to be submitted to the Classing Committee the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement. —Extract from Sub-Committee's Report, 24/5/92.)

Part of Survey

*Equipment*

~~When due~~

It is submitted that the Copenhagen Surveyor should be reminded that this vessel was classed in January, 1898, subject to the first and second bower anchors being tested at a machine recognised by the Committee, and that he stated in a letter dated 4th. January, 1898 the Builders intended getting the anchors tested at Stockholm. In view of this and so long a time having now elapsed, he should be requested to ascertain definitely what steps are to be taken in the matter.
