

Carte 22 Aug^r 1883

M^r Charles Graham
Sir

Yours of the 19th has
I duly received, and as regards the
Illustrations & Plans of the Baie de
"Munipia" upon reference to my notes
Book I find, they are all where I
two Hattermatak, as such the
Pine is an error; and the Captain told
me who superintended the Building
(who had one of our small Book of
Rules) that all the Materials used
were of the Seven Year Grade, as the
such, I will thank you to rectify
that part of the Report. And
remain Sir Yours Most Respectfully,

George Wright
