

CORK HARBOUR DOCKS,
AND
WAREHOUSES CO
LIMITED.

Royal Victoria Dock Yard,
Passage West, Cork.

Feb. 4 1880.

I certify that the Brig 'Lone'
was built by the City of Cork Steam
Packet Company, under my super-
intendence. The materials used,
were of the best description and no
expense was spared in any way to make
her a first class vessel. Since she
was launched, every care has been
taken of her and she always lay afloat
in a perfectly safe berth.

John Wheeler
Shipbuilder
