odical Surveys, when held, must be reported in detail and seriatim in the terms of the Rules. State clearly the use of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent repairs. Repairs account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; d besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the placement of Anchors or Chains is reported, the particulars should be clearly stated in the space provided on back of this form. State also the dates and initials of any letters respecting this case.

damage cases where the Surveyor has not made a special damage report he is required to state whether he offered his services for this purpose and why they were declined? accepted. Copy attached. Was a damage report made by anyone else? If so, by whom? Not aware

PAIRS, OR EXAMINATION AS PER RULE, FOR SS. No2 - along with repairs due to Damage fm. grounding colliding with Dock wall. SS. No2 Now done. This vessel was placed in the above named dry dock & the Holds & Peaks Cleaned and examined all timber board and Ceilings as required by rules, and from tank tops removed & condition found good. The Coal Bunkers (save the lower pockets) have been cleaned & examined & found in good condition. Engine & Boiler Spaces cleaned & examined. The framing & both surfaces of the outside plating have been exposed cleaned examined & coated where necessary. The Portland Cement has been examined & wherever disturbed has been made good. The Peak, deep tank & all water ballast tanks have been cleaned & examined internally & all tested as per rule requirements. The steel deck examined & found in good condition. The Chain Cables have been ranged & anchors examined. PTO

Salting (State if examined.) ditto		

General Observations, Opinion as to Class, Recommendation, &c.:—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus for example:—"..... to remain as now classed in the Register Book *without fresh record of Survey*," "to remain as classed and to have record of survey, 1,09," or "to remain as classed and to have record of survey, 1,09, and the notations of *ss No.* 1–09 and ptND09, &c."

This vessel is in a good & effecient condition, and eligible in my opinion to remain as classed, with Record of Survey 3.14. & to obtain the Notation of Dub-SS-No2-14. When the lower bunkers are examined. The present entries in S.R. List to be discontinued

Fee (per section 28) ..... £ 6 : 10 : 0

Damage or Repair Fee (if any) (per Sec. 29) ..... £ 3 : 10 : 0

NEW NOTE
