Dear Sir

In reply to your letter of the 30th ultimo respecting the Motor about to be fitted to the Steel Schooner "Olwen" I enclose a letter from the Firm who are altering the vessel & who are to fit this Motor from which it will be seen that the Owners desire the Certificate of Power Society. I will therefore arrange to have full particulars of the Motor & its shafting obtained & forwarded in due course.

I am, Dear Sir,
Yours Faithfully
J Macmillan

The Secretary.
