Dear Sir

Enclosed please find plan of Proposed steel bulkhead for the Schooner "Olwen" - which proposal appears to be in compliance with the requirements contained in your letter respecting this case of the 2<sup>nd</sup> Utimo - with regard to your enquiry therein, as to whether the Motor of this vessel is to be Claped or otherwise I beg to add that up to the present I have had no decision from the Owners Master regarding same.

The approved plan of the Motor Seating is enclosed for reference

I am Dear Sir

Yours Faithfully  
Macmillan
