

Steel Sr. "OLWEN" No. 72 in Register Book.

This vessel was built in 1891 at Ardrossan and is classed 100A 1.

A letter has been received from the Dublin Surveyor enclosing one from the Ringsend Dockyard Co. in which it is stated that it is proposed to fit an auxiliary motor in this vessel.

A sketch showing the alterations for the motor installation has been submitted.

It is submitted the Surveyor be informed that a steel watertight bulkhead should be fitted on frame No. 11 provided and the arrangements be carried out as shown and amended on the sketch and to the Surveyor's satisfaction, the same will merit approval.

It is further submitted The Surveyor should be requested to ascertain whether it is desired that the Motor should be classed with the Society.
