Dear Sir

In reply to your letter of the 18<sup>th</sup> inst duly received - respecting the Case of the Steel Fr "Olava" I regret to state that I am unable to obtain any definite information in this Port - The only reliable (perhaps) item is that the vessel is at present in Cardiff - The Firm whom I understand are expected to alter the vessel to that of an Auxiliary Screw - (driven by some kind of Motor Engine) are also in the dark as to the movements of the vessel & they are at present quite "hung up". The address of the Owners is in your possession viz - J. D. Bearum Esq

40 Mt G Sheppard & Co  
Ship Brokers  
Swansea

The Secretary

Yours faithfully  
J Macwilliam

Referred to the Chief Ship Surveyor.

informed of the Committee's decision so that  
he may be prepared to proceed without making  
to state what arrangements he had without delay.
