

Dundee 12<sup>th</sup> Sept 1860

G B Leysung Esq

Yours of 11<sup>th</sup> Inst has duly  
come to hand enclosing Letter & Sketch from the  
Governor of the Port of Dundee to the Elm plankton  
Sept 13/60 vessel builders at Aberdeen for GA

We are of opinion that the Elm plankton shown  
the Sketch may be allowed to remain provided  
it is below high water mark, and that the Rules  
adhered to in all future cases of the kind
