

20th July The Surveyors are requested to report hereon *J.H.S.*

We see no objection to the Compensation offered
by the builders for the slight deviation from
rules at the parts mentioned but we think
this question should be referred to the Resident
Surveyor who has been under special survey
who will be best able to state if there are any
other objections to the High Class anticipated

Tuesday 20th July 1869 *J.H.S.*
