

## Lloyd's Register of British and Foreign Shipping,

DUNDEE, 5<sup>th</sup> October 1882

(G)

The Secretary

Lloyds Register

Sir,

Referring to the classing letter of the  
3<sup>rd</sup> inst. & report on S.S. Empress No 4525  
The test of the steam anchor should have  
been stated as 10-<sup>ton</sup> 7-<sup>ton</sup> 2 & not 7-2.

The moulded depth of this vessel is 18' 4"  
the freeboard from the top of main deck 2.3  
& from the top of awning deck is 9.9

I am, Sir

Yours obedient servant

Geo. T. Cooper
