B. Weymouth Esq. Secretary
Lloyds Register
London

Dear Sir,

In reply to your
favour to hand we beg to
inform you that as a rule
the pintles are fitted to
the rudders, made by us
at the respective ship yards
and to their designs. When
ever we have fitted them
here they have also been
to the design of the ship
builder or owner. At the
same time we sometimes

suggest modifications to
suit different rudders and
if you can give us the
special case in point
we shall be pleased
to design you the form
of pintle we should
propose.

Yours truly
Wm Jessop & Sons Esq
J. F. Hall
