6<sup>th</sup> March 1893

Gentlemen,

With reference to  
your letter of the 2<sup>nd</sup> instant  
returning Reports on the Steamer  
"Gordonia". I have to point out  
that this Vessel became due for  
the special survey No. 3 required  
by the Rules at the end of last  
month, and you should therefore  
try to arrange for the requirements  
to be complied with, if possible,  
while the Steamer is receiving her  
new Machinery.

I am,

Gentlemen,  
Your obedient Servant,

A. J. Deane  
Secretary

The Surveyors,  
Dun-dee.
