Report 3221

GRAVING DOCKS, ADJOINING ABOVE WORKS.
532 FT X 71 FT X 22 FT DEEP & 350 FT X 50 FT X 14 FT

Falmouth.

3rd May 1889.

C. M. B. Dyer, Esq.

Lloyd's Engineer Surveyor Falmouth.

Dear Sir:

To meet our customers wishes
we have been obliged to divide the
tubes into two sets in Boiler for
Engine No 39 and make the proposal
shown on enclosed tracing in order to
bring the strength up to the
requirements of the rules.

Please advise us at earliest if
these plans with your approval

Yours truly
R. L. Co.
