The Secretary
Sir

I beg to forward our reports on the S.S. "Deerhound", and beg to state the reason they have not been forwarded sooner after my last visit, is in consequence of the Beemers and their Superintendent informing me that the hawters were made, and would be put on board on her arrival at Fowey in a day or two, I have been at Fowey this morning, thinking she would be there seeing the Beemers in their letter. So you said they would be placed on board on her arrival at Boston, and seeing by the Newspaper she arrived at that Port, on the 18th inst. she would have been back today so I could have made my final survey but I could not hear that she had arrived.
