

COPY.

Encl.

25th March, 1904.

Gentlemen,

I duly received Mr. Sandry's letter of the 21st instant, respecting the case of the steamer "DEERHOUND", and in reply thereto I am directed to state that Mr. Sandry's explanation of his action in recommending the repairs and renewals found necessary in the case of this vessel is considered satisfactory.

Mr. Sandry's letter of the 15th instant addressed to the Owners of the "DEERHOUND" is, however, considered to be discourteous and should not have been written, and I am to request that Mr. Sandry will be more careful in the tone and wording of his official correspondence in future.

For Mr. Sandry's information I enclose a copy of a letter which has to-day been addressed to Messrs. Toyne, Carter & Co., the Owners of the "DEERHOUND", on the subject.

I am, Gentlemen,

Your obedient servant,

The Surveyors,
FALMOUTH.
