Gent^l—

Being called on by the Owners
of the Aurora - on account of the Repairs
the Aurora underwent last Spring, for which
finding she is not Placed on the Books according
to the enormous Repairs she underwent - and
beg to hope the Agents will look further
into the matter - It being the only object
of the Owners to give an extra Repair to the
Ship to get her placed on the Books accord-
to the Surveys Held by Mr. Brimley of
Plymth where the Repairs were executed and
the Parties in London acting as agents - Now
Gent^l I hope this will be satisfactory - in
Placing her in the right Letter -

Remain^g Gent^l
