Timbering.—The Space between the Floor Timbers and Lower Foothooks is close Inches. The Space between the Top-Timbers is 5 Inches.
 The Floors consist of German & English Oak The First Foothooks of German Spruce & Eng. Oak
 The Second Foothooks of English Oak The Third Foothooks and Top Timbers of English Oak
 The Shifts of the First and Second Foothooks are not less than 1/2 Extreme B.N.B. When less than prescribed by the Rule, state how many.
 The rest of the Shifts of the Frame are sufficient
 The Frame is well squared from the First Foothook Heads upwards, and well free from sap, and from thence downwards, the frame is well squared
 The alternate Frames are all bolted together to the Gunwale. N.B. If not, state how bolted.
 The Butts of the Timbers are all close together; their thickness not less than 3/4 of the entire moulding at that place.
 The Frame is cross chocked with no Butt at each end of the chock. The Main piece of Rudder is British Oak
 The Main Keelson is Greenheart and free from all defects. The Main piece of Windlass is British Oak
 The Stem, and Stern Post, consist of British Oak The Transoms, Aprons, Knight Heads, and
 Hawse Timbers of British Oak Deadwood, of 1 1/2 & 1 1/2 and are free from all defects.
 The Deck and Hold Beams consist of Greenheart & Oak The Breasthooks of iron The Knees of iron

Planking Outside.—From the Keel to the Height defined in Note to Table A the Plank is American Red Pine
 From the above named Height to the Light Water Mark Red & Pitch Pine
 From the Light Water Mark to the Wales Pitch Pine & Greenheart
 The Wales and Black-strakes are Pitch Pine & Greenheart The Topsides Pitch Pine
 The Sheer-strakes and Plank-sheers Greenheart & Red Pine The Water-ways { Upper Deck Red Pine
 Lower Deck Am. Oak
 The Decks Yellow Pine State of —
 The Shifts of the Planking are not less than five Feet — Inches. N.B. If less than prescribed by the Rule, state whether general or partial, and if partial, in what part of the Ship. The Planking is wrought three between, and without step-butting.

Planking Inside.—The Limber-strakes and Bilge-strakes are American Oak
 The Ceiling, Lower Hold, and between Decks American Oak Shelf Pieces and Clamps Am. Oak & Greenheart
Fastenings.—To Hold Beams thick Shelves and Waterways, Lodging knees in flat keels and a hanging knee and knee bolted by separate beams
 Deck Beams thick Shelves and Waterways, Lodging knees in flat keels and a pair of hanging knees to cap of beam
 Number of Breasthooks 7 of iron Pointers of iron Crutches 5 of iron
 Butts End Bolts are of Yellow Metal in the Bottom, and two Bolt in each Butt End, through and clenched.
 Bilge and Limber Strakes are bolted through and clenched. Treenails of English Oak How Made Secular
 Thickstuff over Double Floors is bolted through and clenched. General Quality of Workmanship Good

We certify that the above is a correct description of the several particulars therein given
