 Repairs on account of Damage should be separated from Repairs due to other causes. State also the dates and Initials of any letters respecting this case. } in fresh water _____ ft. _____ ins.

REPAIRS, OR EXAMINATION AS PER RULE Damage Repairs.

The following damage stated to have been sustained recently through being in collision with another vessel in Bilbao, and afterwards grounding, has now been repaired as follows:—

The fore hood plate of the main sheerstrake and of each of the three strakes below the main sheerstrake, on each bow renewed. On the port bow the two frames and one reverse frame, next abaft the stem, renewed from the fore-castle stringer to the lower deck, and one frame on the starboard bow similarly treated. Two foremost upper deck beams (7) also renewed. About 15 rivets in the collision bulkhead renewed and the caulking of this bulkhead made good. On account of the grounding, one plate in C strake on each side under No. 2 ballast tank, found indented, removed, faired and replaced, and the adjoining plates in D strake faired in place. Eight started & broken rivets, found in the tops of Nos. 1 and 2 ballast tanks when these were tested by water pressure, now renewed, and the caulking of the lands of the inner bottom, where started, now renewed.

PRESENT CONDITION OF THE		The bottom of the vessel cleaned and recoated.	
Decks	good	Plank (Bottom) & Counter	good
Waterways	"	Treenails or Rivets	"
Comings	"	Breasthooks and Stemson	"
Up'r Dk. Beams & Fastenings	"	Transoms, Pointers, & Crutches	"
