If Surveyed Afloat or in Dry Dock (Govan)

Character in Register Book.

Registered Horse Power 150.

Classed 100A1
10.86.

Last Survey No.

Port

M. S. 10.86.

Particulars of Repairs and Examination

(State clearly the cause of Repairs if any, and in detail, the nature and extent of Examinations and subsequent Repairs.

Repairs on account of Damage should be separated from

Repairs due to other causes. State also the dates and initials of any letters respecting this case.

This vessel, having been fitted with a temporary propeller some time ago, while a new one was getting prepared, has been placed in dry dock and the new propeller fitted and secured. Sea Connections examined externally and found in good order. No parts of machinery opened up at this time.

The boilers for which the vessel appears in the Short period List are stated to have given no trouble since last survey.

General Observations, Opinion, and Recommendation:—

(State clearly what alteration, if any, is suggested to be made in the existing notification of the vessel's machinery in the Register Book, consequent upon this survey.)

As far as can be seen the vessels machinery appears in good order and is in my opinion eligible to remain as classed.

Office or Registration Fee (per Sec. 27)..... £ : :

Survey Fee (per Section 28)..... £ : :

Special on Damage, Fee (per Section 28)..... £ : :
