Repairs on account of Damage should be separated from Repairs due to other causes. State also the dates and initials of any letters respecting this case.

Did the Surveyor personally go inside each Boiler separately (including the Donkey Boiler, if any), and make a thorough examination at this time? ✓

If this was not done, state for what reasons? ✓

And what parts of the Boilers could not be thus thoroughly examined? ✓

Also what special means, in the absence of internal examination, were adopted by the Surveyor to assure himself of the thorough efficiency of those parts of each Boiler? ✓

Docking Survey.

When this vessel was in dry dock the sea connections were examined externally and found in order. Propeller & fastenings examined.

It is arranged that the engines and boilers will be submitted for survey on return from present voyage at which time S. S. No 1 will be held.

General Observations, Opinion, and Recommendation:— As far as seen (State clearly what alteration, if any, is suggested to be made in the existing classification and notification of the vessel's machinery in the Register Book, consequent upon this survey.)

from above survey this vessel's machinery appears to be in good order and is in my opinion eligible to remain as classed.
