(Periodical Surveys) when held, must be reported in detail and seriatim in the terms of the Rules. State clearly the cause of any, and, in detail, the nature and extent of Examinations and subsequent Repairs. Repairs on account of damage (the cause of which must be stated) should be separated from Repairs due to other causes; and be detailed in the body of the report, should be summarised in the form shown below. Whenever the replacement of anchors or chains is reported, the particulars of weight or size and test of the articles should be clearly stated, and also the weight or size, &c., required by the Rules, together with the vessel's Equipment Letter, if any. State the dates and initials of any letters respecting this case.

	Cables, length <i>270 ft</i>
	(State if now ranged <i>ranged</i>)
	Hawsers & Warps <i>good</i>
	Standing & Running Rigging

General Observations, Opinion as to Class, Recommendation, &c.:

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—"to remain as now classed in the Register Book without fresh record of Survey;" "to remain as classed and to have record of survey, 9,91," or "to remain as classed and to have record of survey, 9,91, and the notations of ss No. 1-91 and ptND91, &c."

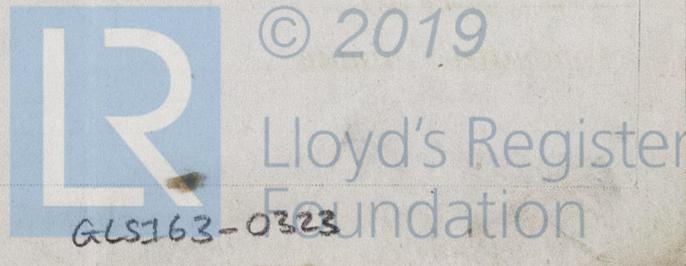

This vessel appears in a good and efficient condition and in my opinion eligible to remain as classed and have record of survey 9/12/91
