 (Periodical Surveys, when held, must be reported in detail and serially in the terms of the Rules. State clearly the cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent Repairs. Repairs on account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; and besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the replacement of Anchors or Chains is reported, the particulars of weight or size and test of the articles should be clearly stated, and also the weight or size, &c., required by the Rules, together with the vessel's Equipment Letter, if any. State also the dates and initials of any letters respecting this case. *In 5/7/92*)

Preliminary
 REPAIRS, OR EXAMINATION AS PER RULE, FOR *Special Survey N. 3.*

The close ceiling and sparring from the fore end of fresh water tanks at main mast to fore end of hold, and the sparring taken down from fresh water tanks to the after end of vessel. The floors, frames plating &c. were partly cleaned and sealed at these parts. On a preliminary examination made, at the request of the owners, it was found that a large number of frames and reverse frames from the bilges upwards were badly wasted, and in some instances the frames were drawn away from the plating and the reverse frames from the frames through excessive oxidation. Upon it being pointed out to Mr. Sherwin & Co. (owners representative) that a large number of the frames would require to be renewed and that other defects probably would develop, as the sealing of the vessel proceeded he determined to stop proceeding with the

General Observations, Opinion as to Class, Recommendation, &c.:
 State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:—"to remain as now classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 9,91," or "to remain as classed and to have record of survey, 9,91, and the notations of ss No. 1-91 and ptND91, &c."
This vessel being in such an unsatisfactory condition we are of opinion she is not eligible to retain her class in this Society's Register Book

Iron Barge "Hippolyta"

The survey until he consulted with his co-owners.

After a reasonable time elapsed the owners were written to by us; a copy of letter attached hereto with the owners reply, wherein they state that they do not intend to proceed at present with the survey.

No part of special survey No. 3 has been completed at this time, the whole of the requirements of the special survey No. 3 has therefore to be carried out.
