

DOBIE & Co.,
SHIPBUILDERS,
GOVAN,
GLASGOW.

12th July 1877.

Messrs. Lloyd's Surveyors,
Glasgow.

Dear Sirs,

Yesterday we received the copy of letter addressed to you by Mr. Gillespie, Asst Secy to your registry, re the classification of this vessel, and will bring the same before the owner who will probably see you personally on the matter.

Seeing that the committee by the above mentioned letter leave it in your hands to determine whether the proposal of the owner of "replacing all plating $\frac{1}{8}$ reduced below $\frac{2}{3}$ rd the standard thickness," should be considered satisfactory, it would assist us much in this matter if you could explain fully your views to the owner when he calls upon you.

Yours truly,

Dobie & Co.
