

TESTS OF BOILER STEEL.

Tests of 36 Steel Plate manufactured by Messrs S.W. Beardmore of Parthead for Boiler No. 284 to be constructed by Messrs A. Stephen & Sons of Glasgow for their S.S. No. 284

Date first visit May 4th 1883 last visit June 8th 1883 No. of Visits 5

The 36 Plates specified in the accompanying copy of Advice Notes were rolled from 21 charges. The tensile test has been applied to 7 samples as set forth below, and the temper and bending tests to a shearing from each plate with satisfactory results

When a second test is applied, the result should be recorded immediately below the record of the original test. The number of plates or bars included in a rejection must be clearly stated.
