

Many of the plates already in position required altering, also that Sunday intervened & would necessitate paying double time for that day, we do ^{not} consider the charge excessive.

Our tender went in Friday 30th ult at 3 pm

We are

Feb 4th

Capt Anderson
Dear Sir

With reference to the repairs required by SS "Borghese" The reason given by the captain to us, for not effecting these repairs was he considered our tender too high

The repairs to be effected were 19 plates $\frac{1}{4}$ " now to be fitted & fastened to coal bunker to form an air space between boilers & coal to prevent the bunkers spring. Our tender was to finish by Monday night for £40
Considering the heated state of the bunkers & the fact that
