28th September 1894.

Dear Sirs,

I duly received your letter of the 19th instant, respecting the record of "Pt.N.D.94", against your steamer "DORSET" in the Society's Register Book, and in reply I am directed to acquaint you that as a portion of the weather deck at each end of the vessel has not been rehewed, the record of "Pt.N.D.94" is in accordance with the Committee's usual practice and cannot, they regret, be modified.

I am, Dear Sirs,

Yours faithfully,

pro Secretary.

Messrs. Macbeth & Gray,
