

S. S. Dorset

It is submitted That before dealing with  
this case Messrs Morrison & Sanderton  
Should be asked to state how they make  
the working pressure of the Shell and plates  
in steam space 80 lbs, also whether the Steel  
for these Boilers was tested in accordance  
with the Rules.

A. R. K.

4-6-94.

The First Entry report & Facing of Main  
Boilers should be returned to the Glasgow  
Surveyors
