

Diagram showing a vertical pole of height 12.8m. A guy wire is attached to the top of the pole and to the ground. The distance from the base of the pole to the point where the guy wire is attached to the ground is 10.4m. The angle between the pole and the guy wire is 5°. The angle between the guy wire and the ground is 18°.

A hand-drawn diagram of a tapered shaft. The shaft is shown in perspective, with a horizontal centerline. The top diameter is labeled "Diam 5\"/>
