

EXTRACT from a letter received from the Surveyor at Dunedin dated 11th May 1899.

"The steamers 'ROTOKINO' No.2 s.s., 'HAUROTO' No.1 s.s., 'ROTOMAHANA', 'WAIHORA' & 'MARAROA' Boiler Surveys all overdue, & of which the Owners duly received your notice anent same. They are all before me & will be attended to as opportunity occurs. I find the U.S.Ship.Co cannot always keep their promise as to time for surveys but are always ready to allow surveys to be made when convenient for them. I therefore do not press them."
