RECR - 6 APR. 1900.  
ANSR

*Lloyd's Register of British  
and Foreign Shipping.  
Argyle Street. Glasgow.*

5th. April, 1900.

Sir,

In reply to your letter of the 4th. inst. in reference to the new steel ferry steamer "Finnieston", we beg to say that the Builders state the 6 cwt. anchor proposed was understood to be the total weight of the anchor including stock, that being the weight of the anchor on the first steamer, <sup>(of same name)</sup> No. 167 in the Register Book.

We have further to state that the thicknesses for the (c) strake of shell plating are 7/16" amidships, and 7/16" at ends as indicated on the approved midship section.

We are, Sir,

Your obedient servants,

pro the Surveyors,

*A. A. Aglion*

The Secretary,

L O N D O N.
