When due

It is submitted the Glasgow Surveyors be informed of the S.S. No.3 having become due in August last and of the letter now received from the Owners with reference to the survey carried out at Glasgow in June 1900. The Surveyors should be requested to state whether the requirements of the S.S. No.3 were to any important extent carried out on that occasion per Glasgow report No.18085, and if so what would remain to be done to complete the survey if it could be recommended to the Committee that the S.S. No.3 has partly complied with in June 1900.
