Gentlemen,

With reference to the wires which passed between us yesterday relative to the Classification Certificates for S.S. "VADERLAND", we beg to hand herewith our cheque for £413. 2. 6 in payment of fees as per statement enclosed.

As mentioned in our wire, Owners are pressing us to have your Certificates so that they may forward them on Saturday to America, and as the arrangement come to yesterday for getting them sent for signature by your London Committee will not permit of them being returned here in time, we have advised the Owners to make application at your London Office for them on Friday first, and we shall be obliged if you will pass on a request to your London Officials to hand them over to the Owners' representative.

We regret pressing you so much in this matter
