Gentlemen,

E. With reference to Grimsby report No.5651 of survey held on the boiler taken out of the Steam Trawler "DART" and now proposed to be supplied to the Steam Trawler "SWIFT", I have to say that this boiler appears to be eligible for a working pressure of 160 lbs per square inch, and I have to request that you will be good enough to ascertain from the Owners and let me know when and where it is intended to fit the boiler on board the "SWIFT".

I am, Gentlemen,

Your obedient servant,

pro Secretary.

The Surveyors,

GRIMSBY.
