Enclosures.

5th October, 1908.

Gentlemen,

I enclose herewith a copy of a letter dated 2nd instant, with enclosures, received from The Pioneer Steam Fishing Co. Ltd., respecting a second hand boiler which they propose to fit on board their S.S. "SWIFT", together with a copy of a reply which has been sent to them on the subject, and with regard thereto I have to acquaint you that as this boiler is actually intended for the above named classed vessel you will be at liberty to undertake the survey and inform the owners in due course whether the boiler is eligible for the working pressure desired.

I have to add that the dimensions of the engines must be taken into consideration in fixing the pressure.

I am, Gentlemen,

Your obedient servant,

Secretary

The Surveyors,

GRIMSBY.
