22nd April, 1909.

R.

Gentlemen,

It is observed, on reference to your report No.5879 that the steel boiler (designated A15) recently built under your inspection by Messrs. The Great Central Co-op.E. & S.R.Co. Ltd., was shortly to have been fitted on board the unclassed steam trawler "OSTRICH" (No.457 in the Register Book). As that intimation is dated 23rd January last I shall be glad to know whether the boiler in question has yet been installed in the above vessel, in order that a notation of the fact may be made against the vessel's name in the Register Book. If not, please keep the matter before you and advise me immediately it has been done.

I am, Gentlemen,

Your obedient servant,

The Surveyors,

GRIMSBY.

Secretary.
