Greenock. 19th Nov. 1884

The Secretary,

London.

Sir,

Herewith we beg to hand you
first entry reports on the new iron
steamers "Coila" and "Scott Harley",
together with other documents relating
to same.

We also enclose eight approved
drawings, being four for each vessel.

It may be well to explain
that the report on the "Coila" has been
detained owing to a dispute between
the owners and the Board of Trade as
to the vessels tonnage.

We are, Sir,
Your obedt. servants,
for the Surveyors,
J. Williamson
